

PALM HARBOR
MONTESSORI ACADEMY

The Mommy and Me Program – Fall Session

Experience the Montessori Method of learning and exploration during this 4- week class series with your toddler at Palm Harbor Montessori Academy!

October 27 – November 17, 2018 ♦ 10:00 – 11:30 am

The program is for children ages 12 to 30 months along with one parent.

Join us during four Saturday morning classes from 10:00 - 11:30 a.m.

Class series begins on October 27 and goes through November 17, 2018.

Cost is \$80 per Toddler for all four classes.

(Cost of the class will be applied toward tuition for toddlers who enroll)

Class dates

- Saturday – 10/27
- Saturday – 11/3
- Saturday – 11/10
- Saturday – 11/17

Spend time together in a typical Montessori “Work Cycle” where teachers are guides in the classroom and the children are encouraged to select the work that most interests them. Circle time will include conversation, singing, playing instruments, storytelling and more. Experience your toddler’s learning process during this sensitive time of brain development in a fun program that satisfies children’s curiosity.

Ages 12 to 30 Months An adventure in learning!

Welcome to the magical world of a toddler, a world in which every activity is an adventure in learning. During this wonderful age, a child develops skills by absorbing impressions from his/her environment; at first like a sponge, and then more self-consciously. Palm Harbor Montessori Academy understands the toddler's learning process and offers a rewarding education program designed for a child's optimum development.

Offering a wide range of opportunities sensitive to the needs of little ones

The toddler curriculum at Palm Harbor Montessori Academy extends a range of opportunities to children. They learn rich and respectful language, the basics of art, music, and mathematics as well as practical life skills. All activities are appropriately designed to meet the developmental stages and the sensitive periods of little ones.

A positive approach to teaching and discipline

While life in the classroom moves at the pace of a small child, it is always with adult guidance and reassurance. Teachers generously offer opportunities to learn using a positive approach in both teaching and discipline. They respond appropriately to the needs of each child, providing love, respect, and acceptance.
